## SUBJECT:—Import of goods by Sailing Vessels

No. 88-ITC(PN)/59.—Attention is invited to the provisions contained in Public Notice No. 83-ITC(PN)/59, dated 28th August 1959, whereby certain goods could be imported from specified countries, by sailing vessels, without a licence, provided those goods arrived at the Indian Ports upto the 30th September, 1959.

(2) The position in this respect has been reviewed and it has been decided that 'dates' falling under S. No. 21(b)/IV will not be allowed to be imported under the sailing vessels concession after 30th September, 1959. The decision in regard to the remaining items will be announced separately.

(3) With a view to avoid hardship in marginal cases, vessels which had already left for India and which actually arrive by 3rd October 1959 will be deemed to be covered by the concession now withdrawn.

**SUBJECT:—Import of 'Fruits' all sorts, excluding coconuts and cashewnuts, fresh, dried, salted or preserved, numbers and excluding dates [S. No. 21(a)/IV], Asafoetida (S. No. 21/IV), Cumin Seeds and medicinal herbs from Afghanistan.**

**No. 90-ITC(PN)/59.**—Attention is invited to the Ministry of Commerce and Industry Public Notice No. 32-ITC(PN)/59, dated 25th August 1959, according to which imports of fruits (dried and fresh) falling under S. No. 21(a)/IV, and Asafoetida falling under S. No. 31/V, Cumin Seeds and Medicinal herbs are to be allowed from Afghanistan through approved importers on an *ad hoc* basis.

2. It has been decided that in addition to the approved importers referred to in para. 2 of the Public Notice mentioned above, New comers who undertake to export non-traditional items to Afghanistan within a period of four months from 1st October 1959, should also be permitted to import fruits (dried and fresh) falling under S. No. 21(a)/IV, Asafoetida falling under S. No. 31/V, Cumin Seeds falling under S. No. 37/IV and medicinal herbs (as per list appended to the Public Notice mentioned above, from Afghanistan) for value equal to the value of their exports. For this purpose, Cotton Textiles, Tea, Art Silk goods, Woollen Goods, imitation zari goods, leather and rubber goods and motor parts will be treated as traditional items of export to Afghanistan.

3. 4. After scrutiny of the applications, the firm will be registered as a New comer importer for import of fruits (dried and fresh), asafoetida, cumin seeds and medicinal herbs from Afghanistan and permits will be granted for value equal to the value of their exports of non-traditional goods to Afghanistan within the period from 1st October 1959 to 31st January 1960.

**SUBJECT:—Issue of Licences to certain Scheduled Industries for Import of raw materials and components on yearly basis.**

**No. 91-ITC(PN)/59.**—Attention is invited to the Ministry of Commerce and Industry Public Notice No. 18-ITC(PN)/59, dated the 19th March, 1959, in which a scheme was announced for licensing raw materials on long term basis to certain industries registered with the Development Wing. According to the provision contained in paragraph 5 thereto, a condition was to be laid down on the Customs and Foreign Exchange Copies of the licences that shipment and remittance not exceeding a certain percentage of the face value of the licences would be permissible during the first six months from the date of issue of licences.

2. Consequently the shipment and remittance of the balance of the value of the licences can only be made after a period of six months from the date of the issue of the licences. It has now been decided that the shipment and remittance with regard to the balance of the value of the licences issued under this scheme, whether in a single licence or separately, will be allowed after 30th September, 1959.

3. The licences already issued under this scheme would be deemed to have been amended in accordance with the provisions contained in paragraph 2 above and the licence holders need not submit their licences to licensing authorities for specific endorsement on the licence to this effect.
